

## Release Notes – smartOCI™

Version 1.5.021 released in CUA August 14<sup>th</sup>, 2013

Vroozii is pleased to announce the release of smartOCI™ version 1.5.021 with the highlights presented below.

We encourage you to tell us what you think by using [this feedback form](#) or by emailing us at [info@vroozii.com](mailto:info@vroozii.com).

### Fixed Issues

- Fixed an issue with catalog processing where certain special characters would cause errors.
- Fixed an issue with checking out items from Level 2 PunchOut, where dynamically appended characters in the item description would be truncated, while transferring the data back to smartOCI.
