

Edit an Internal Catalog via File Upload

Add new items, update item details, prices, approvers, groups, etc.

UPLOAD CHANGES

- **1.** Locate the catalog in the 'Live' column and select the gear icon.
 - Editing a 'Live Catalog will create a new version in 'Working'
 - Updates will not disrupt shopping in current 'Live' Catalog
- 2. Select 'Edit.'
- 3. Upload the saved file under 'Catalog File.'

it Catalog				
	*Catalog Name:	HEB_NonStore_2		
	Catalog File:		Ж	BROWSE
	Image File (.zip):		ж	BROWSE
	Supplier Company:			

- **4.** Under 'Additional' section Select:
 - 'Merge & Update: *Default Setting. Select if file only includes the new or updated items. These items would then be merged with the Master List of items for that catalog.
 - **Overwrite All:** Upload Master Template with **all** items including new or updated ones.

ADDITIONAL FIELDS		
Edit Options:	MERGE & UPDATE	•
	MERGE & UPDATE	
Catalog ID:	OVERWRITE ALL	

- **5.** If changes require approval, all Approvers assigned to the catalog will receive email notification of the change.
 - Administrators can bypass approval workflow and approve changes.
 - If manually approved by administrator, the Publish Confirmation screen will prompt users to select 'Publish'

Publish Confirma	tion	\$
Please click "PUBLISH	" to confirm that you would like to publish the	following catalog.
	PUBLISH Cancel	

Any shoppers with items affected by the update in their shopping cart will not be able to purchase those items. They must remove the items & re-added to their cart.

CHANGE REPORT:

The most recent changes made to the catalog can be viewed in the Change Report. The change report will not be accessible until 5-10 minutes after changes have been made.

1. Locate the catalog, select the gear icon and 'Change Report'.
